Report on sports and cultural events/competitions participation by students is depicted here

From January 31 to February 3, 2023, the Pillai HOC Educational Campus held its 7th annual cultural festival, Euforia 2023, with the theme UTOPIA. The students organized the fest in collaboration with the faculty and staff members. The event was a grand success, with numerous exciting activities and events that kept the students engaged and entertained.

The main attraction of the fest was the cultural program, which showcased the diverse talent of the college's students. The performances included music, dance, and drama. The fest also had various competitions that took place throughout the week. There was a fashion show; a singing competition, a dance competition, and a street play competition along with a variety of sports competitions. The winners of these competitions were awarded prizes and certificates.

Numerous activities and events at the festival reflected its theme, Utopian World. The installation of the student-made creative for the Utopian world model was one of the event's highlights. The Pillai HOC Educational campus witnessed its fire ever concert night along with blasting DJ Night. Students worked really hard to get ready for the event, which ended up being a huge success.

Report on sports and cultural events/competitions participation by students is depicted here

Euforia: The celebration which brings all the students together and made this event a grand success. "Euforia is all about sharing Happiness, Celebration, and Knowledge." During this fest, the students showcase their talent by participating in various non-stage and stage events and also coordinate different events e.g singing, dancing, Mr. and Ms. Euforia, reels, fashion show , neon cricket, bench press, table tennis, etc. Euforia was scheduled on 22/03/2022 to 23/03/2022.

The event was inaugurated with the dhol-tasha pathak. The students were very passionate and determined to make Euforia 2022 a grand event. The crowd was also so cheerful, enthusiastic, and lively, which took the event to new heights. Students were roaming around, cheering for all the participants, encouraging each other by boosting each other's confidence and showing their skills by participating and winning.

Euforia left an impact on everyone's hearts and uplifted the ambiance of the campus to a new level altogether. The event has grown into a huge sensation since the day of its commencement receiving overwhelming response and popularity. Euforia has been getting bigger, better and greater every year and setting high standards for the years to come.

Participation of students in various sports and cultural events/competitions is depicted here

PHCET has been conducting a cultural festival named Euforia since 2012. This gives a platform for the students to showcase their talent by participating in different stage and non-stage events. Students are able to work in a team and in that way they can grow their organizing and managing skills in a team. Some students are able to manage to build their leadership quality on this platform. Euforia 2022 was scheduled from 22.3.22 to 23.3.22. This year DJ night was cancelled due to Covid restriction.

Report on sports and cultural events/competitions participation by students is depicted here

Euforia - Celebration Redefined, the name which brings zest to the whole campus, saw a great participation of students from all over the Rasayani campus as well as from other colleges. The students from the whole campus were involved either to organize the event or for participation in various events. The theme of this year's Euforia was Tollywood, as the name, the energy in the students was out of bounds. Students started building models for installations almost a month before the event was about to start. They were going to different colleges for publicity of various events which were about to take place in this four-day event.

Euforia, this year was scheduled from 28 th January 2019 to 31 st January 2019, first three days for the cultural events, games, etc. and the fourth day is the most awaited days of all the DJ Night. The flash mob, where a large group of students perform dance in the campus area, is the official declaration that the Euforia is about to start. The whole choreography and set up of Flash Mob were done by the students. On the first day of Euforia, the inauguration was done by the Army officials. The mesmerizing beats of 'Dhol Tasha Pathak' presented by a professional group Swargarjana announced that the biggest annual festival is about to begin.

The enthusiasm and energy in the students were not going down until the end of the day. They were roaming around the campus enjoying and cheering up the participants in various events, showing their skills by participating and winning the event. Students from different colleges also participated in the events and showcased their talents. Students from Rasayani campus emerged victorious in various events like Singing, Dancing, Euforia's Got Talent, Fashion show, Mr. and Mrs. Euforia. Not only in stage events they emerged victorious in almost all the non-stage events including Neon Cricket, Shuttle drop, Test your Tongue, Ring football, Table Tennis, Treasure Hunt. Euforia was successfully completed with the DJ Night as the DJ lined up were Nina Suerte and Candice Redding from Sunburn campus and Ali Merchant from Bollyboom campus.

Euforia was initiated as an inter-collegiate carnival by the students of Pillai HOCL Educational Campus “It’s All About Celebration, Happiness, and Knowledge”. Euforia chiefly converges on bringing the students together and showcases their enthusiasm and integrity and also helping students to embrace creativity, talent, and excellence and also provides a stage for the students to endorse their passion out in front.

The event left an impact on everyone's hearts and uplifted the ambiance of the campus to a new level altogether. The seed was sown by Dr. K. M. Vasudevan Pillai, Chairman, and CEO of MES, ‘Euforia’ has grown into a huge sensation since the day of its commencement receiving overwhelming response and popularity. Euforia has been getting bigger, better and greater every year and setting high standards for the years to come.

Euforia 2019 was scheduled from 28.1.2019 to 31.1.2019.

**The theme of Euforia 2019: Tollywood**

# INCEPTION 2021

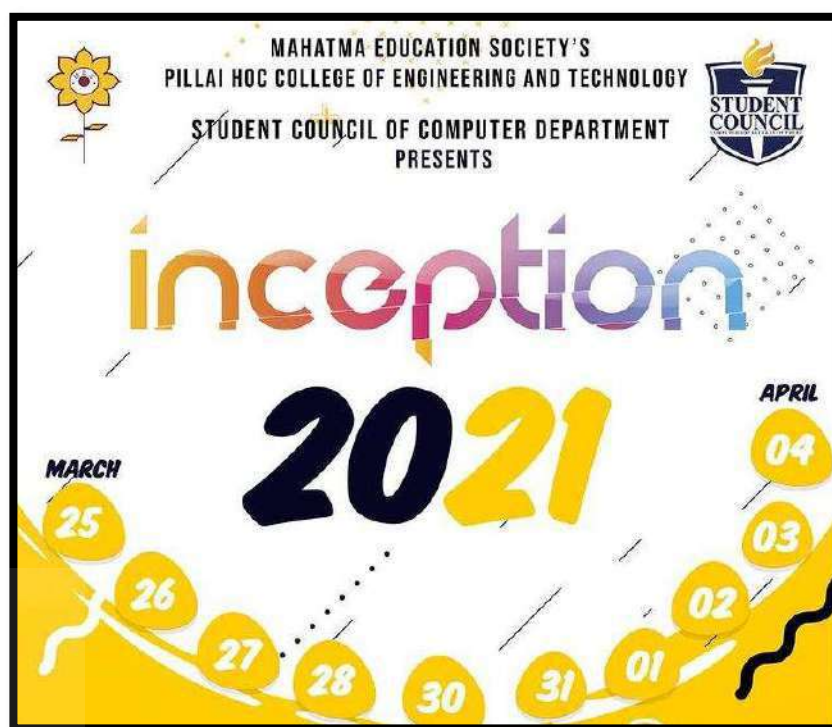

## Introduction

Pillai HOC College of Engineering And Technology (PHCET) imparts quality education and makes sure students pass out with flying colors under the guidance of experienced and expert faculty.

The Department of Computer Engineering of PHCET has always ensured to provide great platforms for their students for their overall personality development. It has always aimed in giving quality education. Department creates an atmosphere where learning is fun.

Inception was initiated as a department activity by the student council of computer department with the motto of providing physiological and psychological development, along with instilling the aspects of communication skills, learning, emotional, moral and social values.

Inception will mark as the establishment of all the cultural and technical activities under our computer department. An opportunity for the students by the students.

## Cultural Events

### Singing Competition-

The competition was conducted so that the vocal talents of our computer department can take this as an opportunity to showcase their god gifted talent. Total 7 participants were competing against each other. It was a great competition between the performers. The response was amazing as the judge and the audience enjoyed the melodious evening.

### Instrument Playing Competition-

This event was organized to provide a platform for students to showcase their talent with instruments. It also helped the students to get recognition in the department and spend time with hobby of playing instruments. The event boosted their confidence to perform in front of audience. There were 6 participants who competed against each other.

## Photography Competition-

This competition was organized for young photographers who use their creative skills to convey some information. Photography communicates beyond any language! Photography helps to preserve history, facilitates communication, enables people to become artists and moves people in ways that words sometimes cannot. 24 amazing photographers participated in the competition.

## Speech Competition-

This competition was organized to provide a platform for students to showcase their talent in speaking. It helped the students to develop skills in research, critical thinking, organization, persuasion and communication. And Without communication skills, the ability to progress in the working world and in life, itself, would be nearly impossible. So, through this contest, student's confidence & skills got boosted. 8 students participated and showed their speaking skills.

## Cybersecurity Quiz-

Cybersecurity plays a vital role in our lives as it provides protection of internet-connected systems such as hardware, software and data from cyberthreats. The purpose to conduct this quiz was to test the basic knowledge of cybersecurity in participants and also their interest in this field. The event was exciting with participation of 104 students.

## Artificial Intelligence Quiz-

Artificial intelligence is impacting the future of virtually every industry and every human being. Artificial intelligence has acted as the main driver of emerging technologies like big data, robotics and IoT, and it will continue to act as a technological innovator for the foreseeable future. Through this event, participants not only analyzed their knowledge in it but through the quiz grasped key points about AI. There were 66 students who participated.

## DBMS Quiz-

Database Management System (DBMS) plays a crucial role in both the creation and management of data. It allows users to define, create, maintain and control access to the database. DBMS makes it possible for end users to create, read, update and delete data in database. It is a layer between programs and data. To test the DBMS knowledge of the students this quiz competition was organised. The questions were specifically designed according to the competitive exams. The event turned out to be great with active participation of 113 students.

## Computer Networking Quiz-

It is system of connected computing devices and shares information and resources between them. it gives access to the World Wide Web, digital video, digital audio, shared use of application and storage servers, printers, and fax machines, and use of email and instant messaging applications as well as many others. Through this quiz, participants were able to analyse their knowledge in computer networking. There were 79 students who showed their interest in it.

## ML - IOT Quiz-

The aim of this quiz was to test the basic knowledge of Machine Learning (ML) and Internet of things (IOT) in Participants. Machine learning and Internet of Things are boosting businesses to create automated analytics engines that are capable of powering their way through large data sets, providing information not otherwise available and freeing up data scientists and analysts to work on more projects. A total number of 74 students attempted the quiz.

## Web Development Quiz-

Web development is a domain which is required in every industry. The overview of this quiz was to test the knowledge of HTML, CSS, JavaScript, React.js, etc. for developing websites. So therefore we arranged this quiz competition for increasing their technical skills through Google forms. This will help them to clear the concepts of web development and prepare for interview questions. 84 students from the department attended the quiz and got amazing scores.

## Python Quiz-

Python is an interpreted, high-level and general-purpose programming language. Python's design philosophy emphasizes code readability with its notable use of significant indentation. Its language constructs and object-oriented approach aim to help programmers write clear, logical code for small and large-scale projects. So, it's really important for students to gain interest in Python Programming and that was the foremost purpose of the event. The number of students attempting the quiz was 79.

## Java Quiz-

The overview of the quiz was to give knowledge of JavaScript and its application and benefits. So therefore we arranged this quiz competition for increasing their technical skills through Google form. This helped them to clear the concepts of java and preparation for their interview questions. 70 students attempted the quiz and passed with good scores.
